Further Mathematics
Mathematical Methods

The Class of 2020 has achieved excellent results and can be proud of their achievements.

As a group of students, they were a close-knit community and have been supportive of each other.

Our College Dux Amber Jepsen and Dux Proximus Jack O'Leary achieved excellent results.

Amber will be attending The University of Melbourne to study Arts and Jack will be attending Monash University to Science / Arts.

Our Top Ten best performing students are to be congratulated for their excellent results, achieved through hard work, commitment and by building good relationships with their teachers who supported them in Year 12.

Students at Sacred Heart excel in many areas including sport, performing and visual arts and areas of vocational pathways into industry.

Our academic achievements add to the culture, diversity and rich courses we offer at the College to ensure our students have a 'vibrant life.'
