

Semester One Learning Achievement Awards

6 August 2026

The Learning Achievement Awards Assembly celebrates those students who have demonstrated significant leadership through their own engagement with the process of learning.

The students who received these awards had been recognised and nominated by their teachers, from their observations of the positive demeanour and dispositions that they bring to our classrooms.

The Semester One awards do not have academic marks as the main consideration.

The following students are those who received the most nominations from their teachers for their positive approaches to their studies.

A reminder that the criteria that teachers considered when nominating the students are:

- Substantial growth in learning
- Determination and perseverance
- Independence of learning
- Creative and innovative thinking
- Classroom leadership and initiative

Year 7

Ellie Bartram

Sonny Bennett

Rose Bloomfield

Laurel Bloomfield

Bethany Carter

Edith Cummins

Asha Taylor-Duncan

Henry Hull

Ella Jansen

Tom Lacy

Miles McKee

Nate Murray

Mabel Pearce

Max Prendergast

Hudson Ryan

Archer Todd

Poppy Young

Year 8

Paige Booth

Alice Brown

Violet Donnelly

Maeve Doyle

Anna Dunn

Bryndis Halvarsson

Emmett Mahony

Liv Norman

Charles Ramselaar

Natalie Saligari

Elsie Spurling

Archie Turner

Freya Williams

Year 9

**Jessica Awty
Will Bradbury
Autumn Feist**

**Alice McKenzie
Oscar Tate
Frida Vardo
Viviana Wurcel**

Year 10

**Caitlin Bracken
Charlotte Cairns
Vincent Caruana
Isabelle Desira
Tove Halvarsson**

**Jay Leong
Petra Moore
Grace Stewart
Ollie Whykes
Sebastian Wozniak**

Year 11

**Sierra Benedict, 11F
William Chew, 11C
Lucy Cisneros, 11F
Zara Crosbie, 11D
Abbey Denahy, 11B
Simone Durrant, 11D**

**Bridget Eames, 11C
Wyatt Kime, 11A
Chloe McDonald, 11D
Georgia Morley, 11C
Abigail Phegan, 11E
Maisie Snelling, 11C
Angus White, 11E**

Year 12

**Farley Bracken
Claire Byham
Sammher Cestina
Lukas Cichy**

**Everett Goodsall
Cate Mahony, 12D
Mila Pereira
Angus Smith
Saffron Thek**
