German
Literature
Mathematical Methods
Outdoor & Environmental Studies

COLLEGE DUX PROXIMUS
Claire Freeman
98.55
Biology
English
Environmental Science
Health & Human Development
General Mathematics
Psychology

The Class of 2024 has achieved excellent results and every graduate can be proud of their endeavours, and of their personal accomplishments.

We are proud of their contributions to Sacred Heart College, and we have no doubt that they will continue to serve as people of Mercy as they embark upon adventures beyond the school gates.

Our College Dux Frida Foerster and Dux Proximus Claire Freeman achieved excellent results.

Frida will be attending Monash University to study Science/Arts and Claire will be attending La Trobe University to study Psychology.

Our Top Ten best performing students are to be congratulated for their outstanding results, and for their many efforts in the pursuit of personal excellence. We join them in thanking their teachers and families for their support during their years of schooling.

Students at Sacred Heart excel in many areas including sport, performing and visual arts and areas of vocational pathways into industry.

Our academic achievements add to the culture, diversity and rich courses we offer at the College, enabling students to Learn, Care and Flourish.
